***Ideally situated in the village of Langho in the Ribble Valley, an area of outstanding natural beauty. Close to Blackburn, Clitheroe and the heritage attractions of Whalley Abbey, Stonyhurst College and Pendle Hill yet within easy reach of the Motorway Networks.***

*This imposing early 20<sup>th</sup> Century Lodge was the village primary school from 1911 to 1983. After closure the School sadly remained derelict until conversion to a privately owned hotel began in 1990.*

*In November 2008 the North West Police Benevolent Fund purchased the building and since that date has undertaken further renovations to the building. The renovations are to a very high standard and refurbished with style and elegance whilst retaining its natural charm and sense of history, with the old School yard providing plenty of off road parking.*

*Most recent renovations has turned St Michael's Lodge into a state of the art hollistic treatment centre with first class facilities for members including physiotherapy treatment, counselling, holistic therapy treatment, Hydrotherapy treatment, Pilates classes and much more*

*St Michael's Lodge has 30 well proportioned bedrooms, two of the rooms are adapted for wheelchair users, all of which are very well maintained and are fully equipped with remote control TV, tea and coffee making facilities, fridge, hairdryer and all rooms have en-suite shower rooms. Larger rooms are also available on request*

*Relax in the comfortable TV lounge area where internet access is available for use by Guests.*

*Or if you prefer unwind in the quiet comfort of the orangery room looking out over the countryside of the beautiful Ribble Valley.*

*The Trustees of the Benevolent Fund understand and recognise that some members will be unable to take time away from their families, caring responsibilities and workplace and it was with this in mind that the idea of St Michael's Lodge was created. Individual tailored solutions are available once assessment has been completed and we also offer physiotherapy and counselling on an out-patient basis .*
