### **Federation gets smart with a mobile phone App**

The Police Federation of England and Wales is always looking for new and innovative ways to communicate with our members. We have recently started using Twitter @PFEW\_HQ and now have our own Facebook page at [www.facebook.com/policefederation](http://www.facebook.com/policefederation) We continue to use the more conventional mediums of television, radio and print. However, the PFEW likes to lead the way so we are going to create a mobile phone application for all you smart phone users out there. It would seek to bring you the Federation latest news, Twitter feed, YouTube channel and other points of interest. We would be keen to hear your views so please get in touch and let us know;

What would you like to see in a PFEW App?

What could an App provide that our website doesn't already?

Are you a smartphone user? What format would suit you?

Please send suggestions to our communications team at [media@polfed.org](mailto:media@polfed.org)
