

HARVEY  **HOWELL**
SOLICITORS

Free legal advice surgeries – helping you sort out your future

Harvey Howell's service to Greater Manchester Police Federation members and their families is to provide legal advice on Wills, Trusts, Powers of Attorney and such matters – with very competitive and transparent pricing for members.

What if you lose capacity through accident or illness – who can take over your financial affairs and deal with your money or property – your family have no say - you need Powers of Attorney.

Their advice goes far beyond simple Wills - What about family members losing their home to care home fees, probate fees, bankruptcy, children of previous relationships, looking after vulnerable children or relatives, guardianship of children and grandchildren, claims against the estate, stealth taxes through probate registration charges - there are many questions to consider!

Take advantage of this free education service in your own one-to one session held at Progress House twice monthly - get in touch to book a place.
