

The background of the slide features a blurred image of an airport terminal. At the top, a flight information display board shows a list of cancelled flights. Below the board, a large window looks out onto a sunset or sunrise over a body of water. In the bottom right corner, there are several thick, wavy green lines that sweep across the page.

# 360 Assistance

A helping hand  
when you're on the move

Wherever you're heading and whatever your plans, there can be a lot to think about in an uncertain world.

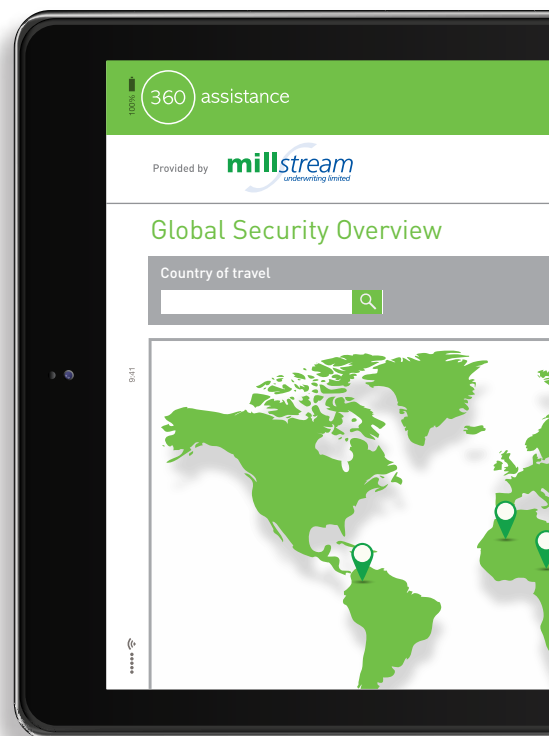

## So, wouldn't a helping hand be welcome?

Our **360 Assistance** service gives you up to date, country by country information at the click of a mouse. You can access online detail on the latest medical, political and security situation in most countries around the world including vaccination requirements, contact details for consulates and medical facilities and other useful information.

Once you've made your plans you can stay informed with email alerts on the countries of your choice. Severe weather, industrial action and other events that may disrupt your travel arrangements are advised to you as they happen so you can stay one step ahead.

What's more, our support team is on hand 24/7 if you need more help. Their experience and insight may make all the difference if events move faster than you expect or if you're just unsure of what to do for the best. Whether helping you with lost luggage or a passport, keeping you up to date with developments on the ground or simply keeping friends and family informed of disruptions we're here to support you.

## The best news is that it costs nothing to register with unlimited usage.

An activation code is provided with policy documentation and it only takes a couple of minutes to register.
