5.17 HOT TUB DISCLAIMER

As our Group Insurance Scheme member, it is solely your responsibility to ensure that the following rules relating to the hot tub at the Lincolnshire holiday cabin below are adhered to.

The hot tub is a pleasurable and relaxing experience. However, for your safety and enjoyment, there are strict rules and guidelines to follow when using this facility. This is an important health and safety legal requirement.

The hot tub may not be up to operating temperature on your arrival due to the water being changed. This can take up to eight hours especially in winter months. No refund will be made should this occur.

Do not press multiple buttons simultaneously or in quick succession. Doing this will cause the hot tub to go into sleep mode and the hot tub will cool down.

The Group Insurance Scheme member is responsible for making sure that all members of their party and their guests are aware of and strictly adhere to the guidelines.

Humberside Police Federation Trust will not be responsible for any injury caused when using the hot tub.

No children under the age of 16 or dogs are permitted in the hot tub as they cannot regulate their body temperatures suitably.

Risk to children: extreme caution must be exercised to prevent unauthorised access by under age children. The hot tub cover must remain closed at all times unless a responsible adult is present.

Remind everyone that wet surfaces can be very slippery. Make sure everyone takes care entering and leaving the tub. Humberside Police Federation Trust will not be responsible for injury caused when getting in and out of the hot tub or when walking in and out of the cabin while wet. May we advise drying off once out of the tub and before walking on the decking.

Please be hygienic when using the hot tub. Please note, the hot tub is tested daily for contaminants (all bodily fluids) and, should a

test prove positive, costs will be incurred and you will be charged for cleaning the hot tub. You will also be banned from booking the property in the future.

Under no circumstances, should you remove the operating panel on the hot tub and do not attempt to open the electrical box.

Do not jump into the hot tub.

People with infectious diseases should not use the hot tub.

Remove all jewellery before entering any kind of hot tub. Keep all loose articles of clothing away from rotating jets and other moving components. Humberside Police Federation Trust will not be responsible for damage to property while using the hot tub.

Do not stand or sit on the hot tub cover and ensure you use the cover when the tub is not in use – either empty or full. Do not drag the cover, use the cover traps; always use the handles. Any damage to the cover or hot tub will be charged for.

Do not use drugs, alcohol or medication before or during hot tub use as this may lead to a danger of drowning.

People using medication should consult their doctor before using the hot tub. Some medication may cause drowsiness. Do not use the hot tub if your medication induces drowsiness or affects your heart rate, blood pressure or circulation.

Pregnant women, people suffering from obesity, heart disease, low or high blood pressure, circulatory problems or diabetes should consult their doctor before using the hot tub.

Prolonged immersion in hot water can result in hyperthermia – a dangerous condition that occurs when the internal body temperature exceeds 37 degrees centigrade. Symptoms include unawareness of impending hazard, failure to perceive heat, failure to recognise the need to exit the tub, unconsciousness resulting in a danger of drowning. Do not stay in the hot tub for more than 20 minutes as extended exposure to chlorine can cause burns and/or skin irritations.

Do not use the hot tub immediately after strenuous exercise.

Always test the water with your hand before entering the hot tub to make sure it is a comfortable temperature.

Always shower before use. Perfume, make-up, hair products and fake tan can contaminate the water and you may be charged for this.

Do not use any glassware in the hot tub, use the plastic glasses provided.

Do not allow any pets in the hot tub.

Do not use/add any detergents, soaps or oils of any kind in the hot tub as these can seriously affect the water quality and filter system resulting in a cleaning charge of up to £100 which will be payable by the Group Insurance Scheme member.

Do not drink the water.

The hot tub is very deep. Do not allow anyone to sleep in the hot tub.

Humberside Police Federation Trust will not be held responsible for injury or death, however, caused, regarding the hire or use of the hot tub.

Please respect your neighbours while using the hot tub, no loud music, shouting or screaming outside. Due to the noise of the bubbles, you will not realise how loud you are.

Do not place candles on the hot tub as candle wax can damage the filter system and will incur cost to the Group Insurance Scheme member who made the booking.

Lastly, please treat the hot tub as if it were your own, as maintenance is very expensive.

All hot tubs and filters are thoroughly cleaned and disinfected. However, the chlorine can discolour the water. This is normal and should cause no harm. No refund will be made should you feel the hot tub is not clean enough or if you put the hot tub into sleep or economy mode.

Towels are not provided for use in the cabin or for the hot tub.
