## Key product information

### Clear, fixed rate at 10.9% APR

We don't use representative APR and therefore the rate won't change based on your credit score. This means that you can use our Christmas Loan Calculator to see what your repayments would be, before you apply.

### Effortless repayments via payroll deduction

Allowing you to save and repay your loan straight from your salary, we have payroll deduction with 28 forces. The full list is on our website, but if we don't yet have payroll in your force, don't worry, we can setup a Direct Debit.

### No early repayment fees

You can settle your loan in full, or make additional payments when you wish. The sooner you repay your loan, the less interest you'll be charged in total.

All loans and mortgages are subject to affordability and our lending criteria. Your savings are protected by the Financial Services Compensation Scheme up to £85,000.
