Offers may be for a limited time only, subject to stock and availability and may not match our website. Rentals quoted are based on today's rates and may be subject to change due to changes in vehicle cost, interest rate, road fund licence, VAT and residual value. Road fund licence for the duration of the agreement at the current price is included in all contract hire agreements. We can quote on different contract lengths, mileage and rental profiles on request. Finance is subject to status. You will not own the vehicle. Please ensure that you carefully evaluate your affordability prior to entering into an agreement with the finance company as failure to make payments as and when they fall due will impact your credit rating. You should also consider the cost of comprehensive insurance and maintaining the vehicle in accordance with the manufacturer's recommendations which are requirements under the agreement. If the offer states that it is for a customer maintained contract, this means that you are responsible for the servicing and maintenance of the vehicle as and when it is due. We are able to offer a service, maintenance and tyres package at extra cost. Please ensure that you understand other potential costs during the contract including increased road fund licence, VAT, admin fees for unpaid fines, and if you want to exit the agreement early. You may be subject to end of contract charges including excess mileage charge if you exceed the total contract mileage, failure to return all items such as both sets of keys, reconditioning costs if the vehicle is not returned in an acceptable condition and charges if you fail to properly maintain the vehicle. Images of vehicles, (model and derivative), accessories and/or paint and interior colours are for illustration purposes only and may not be exact so please check this independently to satisfy yourself before placing an order.
